

Main Idea

Read carefully. Answer in complete sentences.

A Helpful Garden

The school garden gives students many ways to learn. They measure plant growth in math, study insects in science, and write observations in journals. The vegetables are shared with families. Every class helps care for the garden.

1. What is the main idea?

2. Write two supporting details.

3. Why is the garden useful?

4. What does observations mean here?

5. Write a one-sentence summary.
