

Shapes and Patterns

Look, count, and complete the pattern.

1 Look at each shape. Say its name. Match the shape to its word.

triangle

rectangle

circle

square

2 Look at the pattern. Draw the missing shapes to complete each pattern.

A B Pattern

A B C Pattern

3 Count the shapes in the picture.
Write how many of each shape you see.

circles

triangles

squares

rectangles

Patterns help us predict what comes next!

Trace and Draw Shapes

Trace each shape. Then draw it on your own.

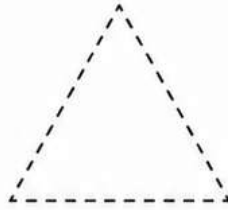

1 Trace the shapes.

circle

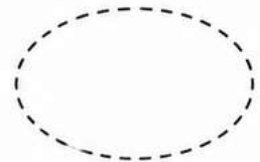

square

triangle

rectangle

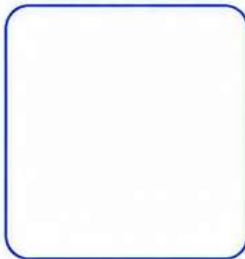

oval

2 Draw each shape.

circle

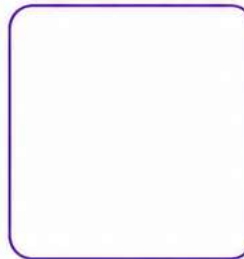

square

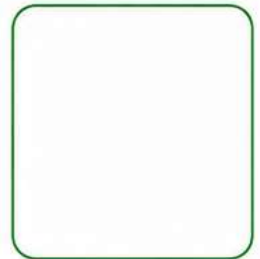

triangle

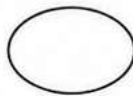

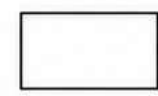

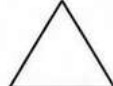

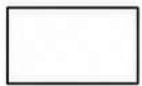

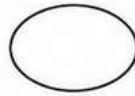

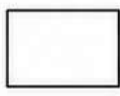

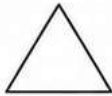

rectangle

oval

3 Color by shape.

circles

red

squares

blue

triangles

yellow

rectangles

purple

ovals

green

Shapes are all around us!

Shapes in Real Life

Match each shape to something you see in the world.

1 Draw a line to match.

circle

square

triangle

rectangle

oval

2 Circle the correct shape word.

circle

square

square

triangle

rectangle

circle

oval

square

3 Draw your own.

Draw something shaped like a circle.

Draw something shaped like a rectangle.

Shapes help us describe the world!

Shape Hunt

Look carefully and count the shapes you find.

1

Look at the picture.

2

Count and write.

circles

squares

triangles

rectangles

ovals

3

Which shape did you find the most?

circle ☐

square ☐

triangle ☐

rectangle ☐

oval ☐

Good shape detectives look closely!

4

A B Patterns

Look at the pattern and draw what comes next.

1 Look at each pattern. Draw the missing shapes to complete each pattern.

2 Find the AB pattern.
Circle the row that repeats in an AB pattern.

1								
2								
3								

3 Make your own AB pattern.
Draw to continue each pattern.

Patterns repeat in an order!

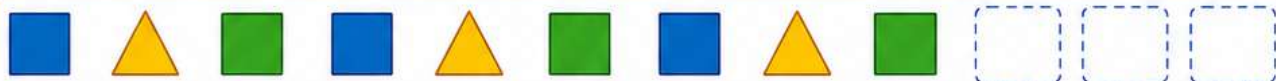

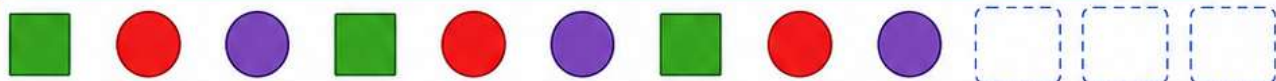

A B C Patterns

Look, count, and complete each pattern.

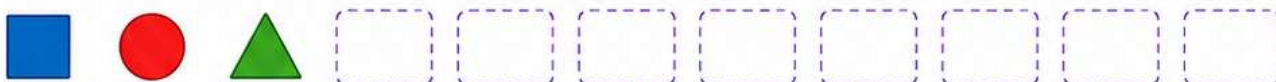

1 Look at each pattern. Count the shapes. Draw the missing shapes to complete each pattern.

2 Color the next shapes.

3 Make your own ABC pattern.

A B C patterns have **three** parts!

Create a Pattern

Use shapes to make your own repeating patterns.

1

Finish the pattern.

2

Create your own.

3

Draw and tell.

My favorite pattern is...

— You can make patterns too! —

My Shape Book

Read, trace, and draw each shape.

1

I see a **circle**.

I see a circle.

2

I see a **square**.

I see a square.

3

I see a **triangle**.

I see a triangle.

4

I see a **rectangle**.

I see a rectangle.

I can **read** and **draw** shapes!

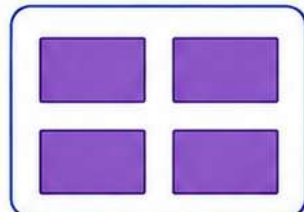

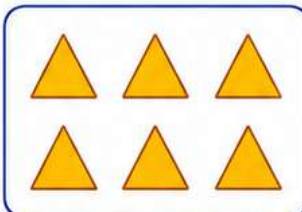

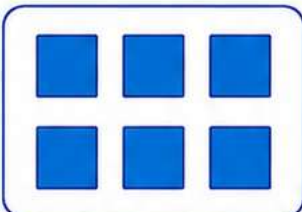

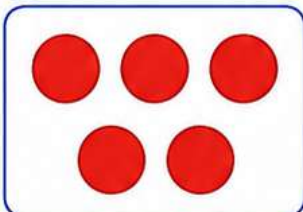

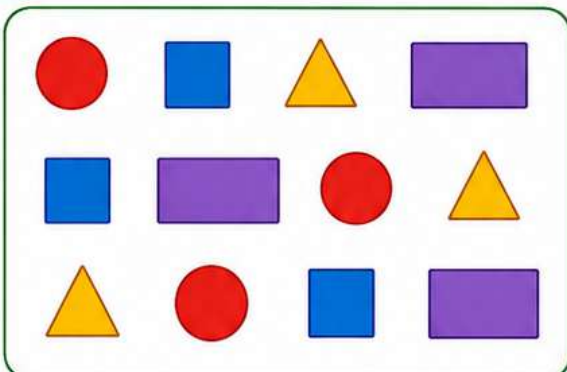

Count and Sort Shapes

Count, compare, and sort the shapes.

1 Count the groups.

2 Sort by shape.

circle

square

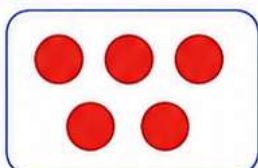

triangle

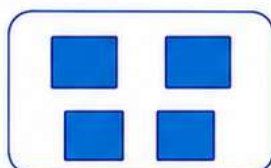

rectangle

3 Which has more?

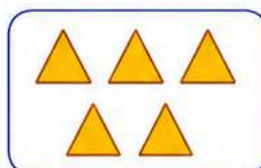

or

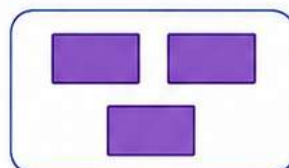

more

less

same

or

more

less

same

Sorting helps us organize shapes!

Review and Celebrate

Show what you know!

1 Look at each shape. Match it to its word.

• triangle

• rectangle

• square

• circle

2 Complete the patterns.

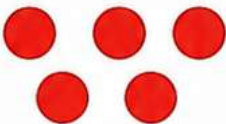

A B Pattern

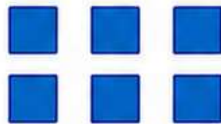

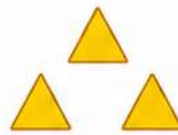

A B C Pattern

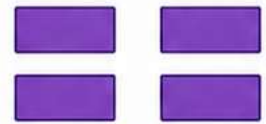

3 Count the shapes in each group. Write how many.

4 My favorite shape is...

Draw your favorite shape here!

You are a **shape** superstar!
